G. O. P. of Lower House to
Meet to Pass Upon Sol-
diers' Bill Now Pending.

WASHINGTON, April 29.—Opposition among house republicans to a sales tax for raising part of the \$1,000,000,000 needed for soldier relief legislation led today to an open break at the final meeting of the republican members of the ways and means committee, called to complete the draft of the measure.

Representatives Young, North Dakota, and Frear, Wisconsin, bolted and joined in conference with the republican insurgents to lay plans for the opposition fight at their party caucus tomorrow night. Their withdrawal from the ways and means committee conference left the republicans with a majority of but one in the full committee. If the bolting members vote with the democrats.

Republican committee members finally completed the committee draft of the relief bill today, making few changes in the general scheme.

In adopting the sales tax of 1 percent on gross monthly business, the republicans decided this levy would not apply unless the aggregate sum exceeds \$1,000,000. The bill also adopted a limit of \$500. Other forms of taxation approved by the republicans include a tax on all stock exchange transactions, and increased taxes on automobiles, tobacco and real estate sales.

Taxes, it was decided today, would be effective next January 1, with the cash bonus payments to be made in installments, beginning April 1, 1921. For the other forms of relief, including land settlement, home purchases, vocational training, and paid up insurance, the republican committee decided to appropriate \$25,000,000 to be available for carrying out these plans when the bill is approved by the president.

The sales tax, the republican committee also decided, should apply to hotels and restaurants, but by

Oklahoma City Railway Officials
Think Traffic Will Be Back To
Standard Today.

By Associated Press Staff Wire.

OKLAHOMA CITY, April 29.—Freight traffic in and out of Oklahoma City will reach its normal stage by tomorrow and the strike will be virtually over, railroad officials here predicted tonight.

A full quota of switchmen returned to work on the morning shift of the Rock Island and the Santa Fe officials announced this road was in better shape regarding switchmen than for several weeks prior to the strike.

St. B. Best, general superintendent of the Price, arrived here this morning and took charge of the strike situation for his road and held a conference with striking switchmen but made no statement as to the result of the meeting. The Price was receiving all freight offered today, subject to delay.

Two switch crews were working in the M. K. & T. railway yards all day today and this road was receiving all freight offered.

By The Associated Press.

LONDON, April 29.—"The gaping wounds of Europe are gradually healing and the San Remo conference, though a distinct step in the convalescence," said Premier Lloyd George, in closing his speech in the house of commons today, detailing the results of what he described "the most remarkable conference in every respect ever held since the armistice."

The premier's statement set forth the claim that the conference had removed all misunderstandings between France and England and that the allies were in complete agreement not only to enforce the treaty, especially the disarmament clauses, but against any French annexation of German territory.

"For," added the premier, "we cannot have another Alsace-Lorraine."

Lloyd George further indicated that Germany brought definite proposals to the San Remo conference, and that he was able to pay, she would be treated with consideration. However, the premier referred to the German government's difficulty in getting its decrees obeyed, and emphasized that the Germans were a "broken backed people" whose actions were convulsive.

Famine Reported.

"We have information from British officers," he continued, "that there is famine in the land and that many people are getting only a third of the normal food."

He expressed the conviction that the people of neither Germany nor Turkey would be able to deal with the Turkish situation. He added that the Turkish situation was a "little of what is already known, from M. Millerand's speech and declared that neither Great Britain, France or Italy was able to undertake the mandate for Armenia because that would have involved heavy military resources for a great conquest, if the Armenians were to have anything more than a "paper Armenia."

He confirmed that the British mandate would include Mosul and that the conference had reaffirmed its decision to open trade relations with Russia.

If the United States found it impossible to undertake the responsibility of Armenia, the whole position, the premier said, would require reconsideration and England would have to take a share in helping the Armenians to equip themselves for their difficult and perilous task.

League Insufficient.

Replying to Lord Robert Cecil's contention that the league of nations should speedily supersede the supreme council, Lloyd George argued that the league had not materialized sufficiently and for the present the whole fabric of Europe rested upon the great solid powers of the west.

To transfer the responsibility now to anybody lacking the necessary force or organization would be disastrous for the peace of Europe. Looking at all the explosive material.

Large Acquisitions
Promised to Italy
Under Secret Pact

LONDON, April 29.—The famous pact of London, the secret agreement entered into by England, France, Russia and Italy in 1917, and which has figured prominently in peace negotiations since the armistice, was made public here today. It revealed that Italy was the chief beneficiary and should its terms have been carried out as written, would have obtained extensive territorial acquisitions following the defeat of the central powers.

Some of the chief points were:

In the event of the partition of the Turkish empire Italy was to obtain a "just share" of the territory adjacent to Albania. France was awarded to Croatia and Dalmatia to Albania.

Article four stipulated that under the treaty of peace Italy was to obtain Turkey, Cilicia, Syria, Mesopotamia, Trieste and the counties of Georgia, Gratiaca, All of Italia, Persia, Quernaro including Volosca, Istria and the islands of Chios and Lemnos.

Article five awarded Dalmatia to Italy.

NEWARK, N. J., April 29.—Major General Leonard Wood was leading Senator Hiram W. Johnson of California by 1,220 votes in the New Jersey presidential preference primary in returns from all but four districts tabulated late tonight.

The missing districts are in Hunterdon county which has given Wood a majority in the incomplete returns and the vote there will not be available until tomorrow. The vote now stands: Wood 52,597; Johnson 51,377.

The vote for the republican "big four" with 17 districts missing is: Frelinghuysen 61,473; Edge 60,267; both pledged to the choice of voters as expressed at the primaries: Stokes (Wood) 52,577; Runyon (Wood) 46,539; Ballard (Johnson) 43,213; Layden 42,887; Raymond 43,942; Griggs (Wood) 42,241; Nutter (unpledged) 9,235; Corrothers (unpledged) 7,473.

Corrected returns today at 4 o'clock with 44 districts missing gave Wood a lead of 549 over Senator Johnson in the New Jersey presidential preference primary.

In Morris county, where Johnson's managers have announced they will seek a recount, an error of 111 votes was discovered cutting Wood's majority there to 724. The mistake was found in a re-check made at the county clerk's office after William P. Verdon of Hudson county, a Johnson worker, had charged his candidate had been "robbed in Morris County."

The discrepancy, it was said at the county clerk's office, was due to a clerical error in tabulation. County clerk authorities with re-counting the returns of the republican state committee, said Verdon's charge was "the cry of a whipped child."

Returns from 26 missing districts in Cape May county increased the general lead 351.

COLUMBUS, Ohio, April 29.—Harry M. Daugherty of Columbus, Senator Warren G. Harding's national campaign manager, was defeated in Tuesday's primary for delegate at large to the republican national convention.

Daugherty, officials have under consideration a renewal of the licensing system which was in effect during the war. Representatives of the refiners and the government are now negotiating a new arrangement for the distribution of sugar.

There is a possibility that the result may be changed in the official count to take place here early next week.

The complete revised vote for delegates at large stands:

Myron T. Herrick 132,366 (H); Frank B. Willis 123,130 (H); John Galvin 120,166 (H); William H. Boyd 107,325 (W); Harry M. Daugherty 107,375 (H); and Edward C. Turner 104,124 (W).

The same returns give Senator Harding a plurality of 16,393 over Maj. Gen. Leonard Wood for the republican presidential preference. The vote stands:

Harding 125,361; Wood 104,258.

On the face of available returns, Harding probably will have 59 of the 48 Ohio delegates to the Chicago convention. Wood apparently has two delegates in each of three counties.

PITTSBURGH, Kan., April 29.—After he had denied a demurrer filed by the defense, District Judge A. J. Curran here late today broke off in the midst of his opinion upon the application of the state's present attorney general to the federal court calling a strike in violation of the provisions of the new industrial court law and adjourned court until tomorrow.

No intimation was given by the court as to why the opinion had not been completed today.

In stating his opinion Judge Curran devoted special attention to the power of the state. Members of the state were compared with members of a family, who must be decent, have good manners and be obedient. He said he wondered whether it was considered that the miners were neighbors last winter during the general strike when they refused to dig coal for the people almost froze as a result.

SPOKANE, Wash., April 29.—Sticklers, posters and circulars, printed in red ink and urging an "international labor day" strike on May 1, have been freely distributed in Spokane, according to police reports. No other activities have been reported.

MORGANTOWN, W. Va., April 29.—Federal and state officials were today searching the mining communities of this section for the persons who for the past several nights have plastered the dead walls of Marion county with radical literature issued by what purported to be the "American anarchist federated communist soviet," and entitled "The Anarchist Soviet Bulletin."

WASHINGTON, April 29.—Plots against the lives of more than a score of federal and state officials have been discovered by the department of justice as part of radical May day demonstrations, Attorney General Palmer announced tonight.

The department has information, according to the attorney general, that the instigators of the May day demonstration here have been working "in direct connection and union" with leaders of disturbances set for Europe.

As in Europe, attempts are being made to incite strikes in all basic American industries Mr. Palmer said, although he did not believe they would be successful.

State officials marked as "victims" have been notified by the department, the attorney general added, of the information in the hands of the federal government and their cooperation requested in repressing radical demonstrations.

The assassinations and assaults, Mr. Palmer said, were included in the May day program organized by the communist labor party and other radical elements and were in addition to strikes and other disturbances intended by the radicals as a effort in behalf of peace with soviet Russia.

"It is not going to prophesy what will happen," Mr. Palmer said, "I am just making public some of the things our agents have discovered. But if a will to upset our nation's whole scheme of living counts for anything, the radicals may cause some trouble."

Mr. Palmer said that while he could not disclose the nature of the communist labor party's plans in the future, he said that the leaders of that organization had concentrated on several important industries and that the demonstrations planned to cause trouble by walkouts.

All of the propaganda advocating May day disturbances referred to "inhuman treatment" of the soviet government of Russia by the United States and the allied powers, Mr. Palmer continued. In foreign sections of industrial centers, appeals for "peace with Russia" have been employed as the main method in stirring up dissatisfaction with this government. Mr. Palmer said.

Strikes and disorders, he added, simply are meant to emphasize to American officials the threats of the radicals that relations must be resumed with Russia.

Literature Circulated.

Tons of inflammatory literature have been circulated in the last month by express and freight and secretly distributed by local leaders, according to information furnished by department agents. The communist
